Biology for ssc cgl pdf full length movie

In addition, do pay attention to the cut-off predictions, which will differ, depending on the difficulty level of the respective Mock. The SSC CGL exam is being conducted for Group B and Group C posts. And like any other exam, the secret of cracking SSC CGL Tier 1 is to perfect a winning strategy. After reading this article you will be able to manage your time well as it is very important how you manage the time and how much time you devote to each section while preparing for SSC CGL Tier 1. In fact, with a bit of effort and practice, you can score 45+ in this section,' said Mayank Garg, Mentor, Career Launcher. 3) About 5 questions on Visual Reasoning (Paper Folding, Paper Cutting, Mirror/Water Images, etc.) are easy. 1) Vocab is important, as 8 out of the 25 questions are on Antonyms, Synonyms, One-Word Substitution, Idiom Phrases, etc. Vary the time you devote to each subject, based on the level of your preparedness. This makes the competition very difficult. It is important that you begin to prepare for your exam before time. 2) Questions from Grammar, especially those on Cloze Test, Sentence Correction, and Error Spotting, should be attempted 3) Narration and Voice are also part of the SSC Tier 1 exam now Success Mantra: Concepts, Groom, and Leap 1) Revise the Concepts and basics for every topic. In other words, approximately 30 days remain. Also, solve the exercises to understand their application. NEW DELHI: Around 30 days are left to the Combined Graduate Level tier I exam which will be organized by the Staff Selection Commission from July 25, 2018 for various ministries, departments and organisations of the central government. 2) Take topic-wise tests to Groom your level of preparation and speed (a useful tool is Career Launcher's Test Gym) 3) Start writing the Mocks for SSC CGL to take the Leap in ensuring your preparation is of the required level for the exam. So, you should concentrate on current affairs of the 6 months prior to the exam (4-5 questions) 3) Of the three Science subjects (Chemistry, Biology, Physics) choose one (5-6 questions) 4) Give importance to Indian Geography and Modern History (7-8 questions) The 'Quantitative Aptitude' section will require your maximum attention and time devotion. More importantly, ensure that you analyze every test you take, as well as Mocks, to pinpoint the errors you made, clear your doubts, and, in the process, learn how to manage your time efficiently. According to him... Let's first, however, look at the various sections of the exam. Subject Questions Marks Time allowed General Intelligence and Reasoning 25 50 General Awareness 25 50 Total time 60 minutes Quantitative Aptitude 25 50 English Comprehension 25 50 100 200 *The 'General Intelligence and Reasoning' section is an easy one; and an attempt of 22+ questions (out of 25) is considered good. The syllabus of the 'General Awareness' section is vast. Wait a moment and try again. Many candidates would be preparing by joining various coaching institutes and some might be doing self studies for this exam. Hence, you need to pick and choose the subjects to focus on. NEW DELHI: Around 30 days are left to the Combined Graduate Level tier I exam which will be organized by the Staff Selection Commission from July 25, 2018 for various ministries, departments and organisations of the central government. Here are some points to consider: 1) The syllabus of Polity and Economics is relatively limited (6-7 questions) 2) Weightage of questions on Current Affairs is increasing year by year. Revise, work on perfecting your strategy, and take regular practice tests and full-length SSC Mocks. 2) There will be 7-8 questions on Word Formation, Matrix, Venn Diagram, Blood Relations, Directions, etc. SSC CGL 2018 is the most famous exam among the graduates as there is no limitation of stream backgrounds, anybody from any stream can apply for this exam. 1) Analogy, Coding-Decoding, and Series cover almost half of the Reasoning portion. It will also play a vital role in SSC CGL Tier 2. As per the notification of SSC CGL 2018, the Tier 1 exam is scheduled to be held July 25, 2018 onward. Something went wrong. Exam Strategy With just 30-odd days remaining, your focus should be on developing an in-depth understanding of the topics, subjects, concepts, basics, and pattern of the exam. 1) Most of the questions asked in Tier 1 exam in this section are from Advanced Mathematics, i.e., Geometry, Mensuration, Algebra, and Trigonometry (12-13 questions) 2) Questions from Data Interpretation are easy (3-5 questions) 3) Questions from Arithmetic are of easy-to-moderate-level of difficulty (8-10 questions) The 'English Comprehension' section is crucial because of the practice required and its high weightage in the Tier 2 exam.
